

FUNDAMENTALS OF PERIOPERATIVE NURSING

PRESENTED ON BOARD

Royal Caribbean International
OVATION OF THE SEAS

9-Night Cruise to the South Pacific
4 - 13 NOVEMBER 2024

Embark on a cruise to the stunning South Pacific islands with Royal Caribbean International's Ovation of the Seas, as you immerse yourself in our CPD course: **Fundamentals of Perioperative Nursing.**

This course is recommended for nurses working in the perioperative environment and provides the principles that cover a range of pre-operative, intra-operative, and post-operative activities. They include patient assessment, improving communication, and monitoring and responding to clinical emergencies during surgery and in the PACU.

FUNDAMENTALS OF PERIOPERATIVE NURSING

EDUCATION SESSIONS:

- Escalation of Care in the Perioperative Unit
- Coroner's Court: Perioperative Case Studies
- Management of the Obstructed Airway in Theatres
- Patient Deterioration in the PACU
- Blood Gas Analysis and its use in the PACU
- Cardiac Monitoring & ECG Analysis
- Teamwork & Communication
- ..and much more!
