

# THE DETERIORATING PATIENT

## Detection - Assessment - Treatment

PRESENTED ON BOARD

Royal Caribbean International  
**OVATION OF THE SEAS**

10-Night Cruise to New Zealand  
**12 - 22 FEBRUARY 2023**

Cruise from Sydney to awe-inspiring New Zealand for 10 nights while participating in our 20-hour CPD course: **The Deteriorating Patient.**

This course is recommended for nurses, paramedics and GPs and covers the most effective methods to detect, assess and treat a deteriorating patient while escalating care appropriately.

**Places in this course and cabins onboard the ship are limited!**

### Presenters and Education Sessions

**Colette Foudy** BNProfHons, MCLinNurs, Cert IV Education & Teaching

**Gail Forrest** BN, MResEd, GradCertHEd, Cert IV in Training & Assessment

- |                          |                            |
|--------------------------|----------------------------|
| 📌 Coroner's Case Studies | 📌 Sepsis                   |
| 📌 Asthma & Anaphylaxis   | 📌 Delirium                 |
